FAB menu

The floating action button (FAB) menu opens from a FAB to display multiple related actions

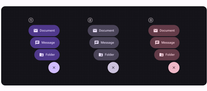
Resources

Variants

There's one variant of FAB menu:

Variant	M3	M3 Expressive
FAB menu	--	Available

Configurations



3 color sets:

1. Primary
2. Secondary
3. Tertiary

Category	Configuration	M3	M3 Expressive
Color	Primary set, secondary set, tertiary set	--	Available

Tokens & specs

Use the table's menu to switch token sets. The FAB menu has a common token set and six color sets, three for each element (close button and menu item). Learn about design tokens

Token	Value
Close button	
FAB menu close button container height	_.menu.close-button.container.height 56dp
FAB menu close width	_.b.menu.close-button.container.width 56dp
FAB menu close button icon size	_.icon.fab.menu.close-button.icon.size 24dp
FAB menu close button container elevation	_.ev.close-button.container.elevation
FAB menu close button container shape	_.menu.close-button.container.shape
FAB menu close button between space	_.b.menu.close-button.between.space 8dp
List item	
FAB menu : menu item container height	_.ab.menu.menu-item.container.height 56dp
FAB menu : menu item label text	_.conp.fab.menu.menu-item.label.text Aa
FAB menu : menu item icon size	_.conp.fab.menu.menu-item.icon.size 24dp
FAB menu : menu item container elevation	_.menu.menu-item.container.elevation
FAB menu : menu item container shape	_.ab.menu.menu-item.container.shape
FAB menu : menu item leading space	_.fab.menu.menu-item.leading.space 24dp
FAB menu : menu item icon label space	_.b.menu.menu-item.icon.label.space 8dp
FAB menu : menu item trailing space	_.p.fab.menu.menu-item.trailing.space 24dp
FAB menu : menu item between space	_.fab.menu.menu-item.between.space 4dp

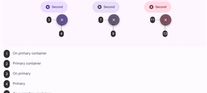
Anatomy

1. Close button
2. Menu item

The FAB menu can have up to six items.

Color

Color values are implemented through design tokens. For designers, this means working with color values that correspond with tokens. In implementation, a color value will be a token that references a value. Learn more about design tokens

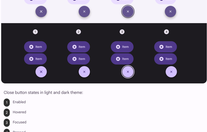


1. On primary container
2. Primary container
3. On primary
4. Primary
5. On secondary container
6. Secondary container
7. On secondary
8. Secondary
9. On tertiary container
10. Tertiary container
11. On tertiary
12. Tertiary

States

States are visual representations used to communicate the status of a component or interactive element. Learn more about interaction states

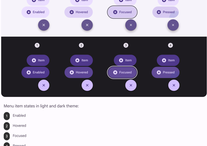
Close button



Close button states in light and dark theme:

1. Enabled
2. Hovered
3. Focused
4. Pressed

Menu item



Menu item states in light and dark theme:

1. Enabled
2. Hovered
3. Focused
4. Pressed

Measurements

FAB menu items share the same measurements as the medium button specs.

The close button should always be 56dp.

FAB menu size measurements

The FAB menu animates from the top trailing edge of the FAB to ensure a smooth animation.

The FAB should always have 16dp margins

The close button and FAB share the top trailing corner as an anchor and appear in the same place

Larger FABs will place the FAB menu slightly higher, with larger margins underneath.

The medium FAB placement has 16dp margins

The close button is placed higher to align with the top of the medium FAB

The large FAB placement has 16dp margins

The close button is placed higher to align with the top of the large FAB
