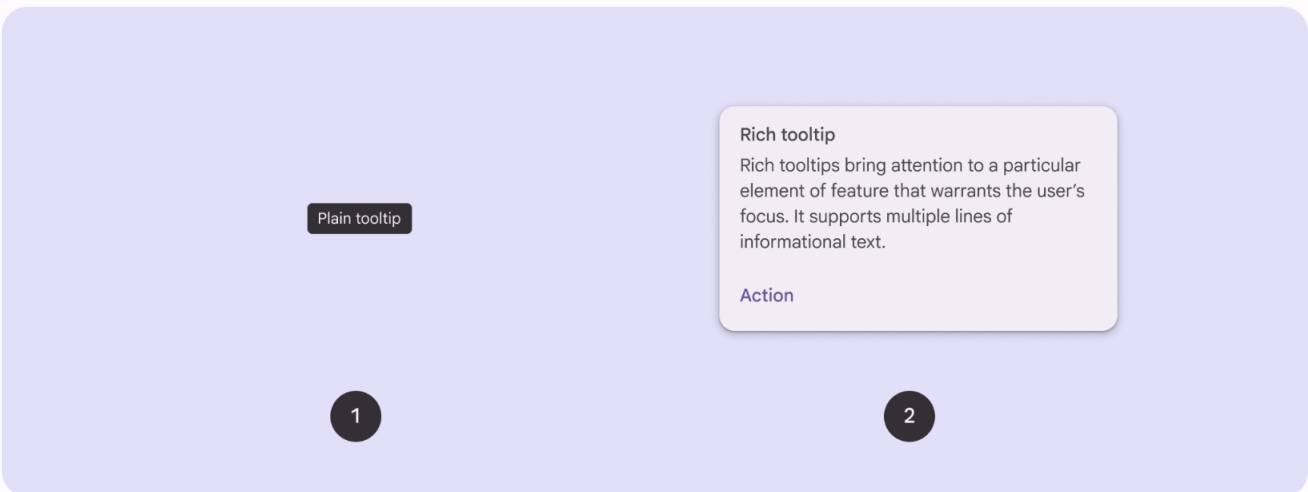
Tooltips

Tooltips display brief labels or messages

Resources

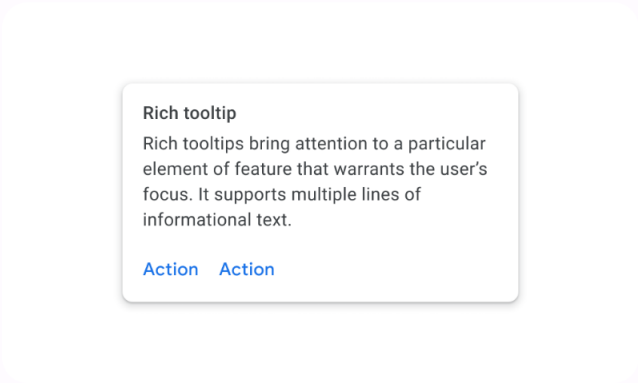
- Use tooltips to add additional context to a button or other UI element
- Two variants: plain and rich
- Use plain tooltips to describe elements or actions of icon buttons
- Use rich tooltips to provide more details, like describing the value of a feature
- Rich tooltips can include an optional title, link, and buttons



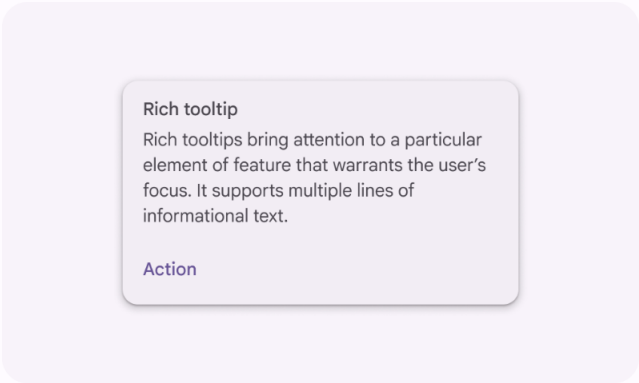
1. Plain tooltip
2. Rich tooltip

Differences from M2

- **Color**: New color mappings and compatibility with dynamic color
- **Shape**: Rich tooltips have more rounded corners



M2: Rich tooltips have slightly rounded corners



M3: Rich tooltips have more rounded corners and support dynamic color
